

**DX Advisory Committee Report
Document #23**

July 2024

**Submitted by:
Chris Shalvoy, K2CS
Chairman, DX Advisory Committee**

Prepared and submitted by Chris Shalvoy, K2CS - Chairman

Date: 26 June, 2024

Since our last meeting on 28 April, 2024 the DXAC has not convened thereafter.

At that time, the committee met for the second time in several months and dedicated that session for further investigation and additional deliberation on the proposal submitted by Don Greenbaum, N1DG regarding the status of Jarvis Island.

Additional research was submitted by Don and we were asked to review and determine if any of that documentation would warrant changing our original determination.

The entire committee agreed that the initial review and resolve was correct and Don was subsequently notified.

Several other items have been forwarded to the DXAC but many fall outside of our jurisdiction. Items such as operation practices, modes and remote operation have been sent our way. These items are great for discussion and of course are educational. We would continue to encourage notification of such items in the future.

If tasks are asked of us, we are fully prepared to discuss those items and issue appropriate guidance.

With the onset of the recent Jarvis proposal, the committee feels that an extensive review of the entire DXCC program may be in order (as the last time this was done was many years ago).

Session will begin later in the year to begin this review process. We will solicit suggestions from all interested parties and as long as they are “entity” based, we'll gladly review their merit.

There still seems to be issues with the group email utilizing dxac@arrl.org as several members do not get those correspondence and others bounce days later. I know this situation has been brought forth to the appropriate parties and we hope for a quick resolution.

We do however continue to appreciate the support of the board, PSC and league and look forward to working with them as we discuss the future of the DXCC program in the upcoming months.

Respectfully submitted,

Chris Shalvoy, K2CS
Chairman, ARRL DX Advisory Committee

DX ADVISORY COMMITTEE

July 2024

Atlantic – Chris Shalvoy, K2CS (*Chairman*)
